

2022 ASIAMONEY RETAIL BROKERS POLL – METHODOLOGY

The **Asiamoney Retail Brokers Poll** runs from 1 June to 29 July 2022. We invite retail investors from across Asia to vote for their brokerages and to rate their services.

The aim of this poll is to identify and give recognition to Asia's best retail brokers in each market.

The on-line questionnaire is brief and takes between 2-3 minutes to complete.

The online questionnaire can be accessed at www.euromoney.com/RetailBrokers

Respondents are asked to vote for the following categories in their market:

- best retail brokerage
- best analyst/commentator

Winners are determined by the total number of votes they receive. A brokerage must receive greater than 5% of the votes to be ranked.

For the qualitative section, the survey will ask respondents to rate the services provided by the brokerage they nominate. The service categories are:

- internet trading platforms
- pricing
- speed of execution
- customer service

Brokerages that receive sufficient votes will be assessed on their average score in each category of service, and ranked against all other brokerages in that category.

The poll covers the following 16 markets:

Australia	Malaysia
Bangladesh	Pakistan
China	Philippines
Hong Kong	Sri Lanka
India	Singapore
Indonesia	Taiwan
Japan	Thailand
Korea	Vietnam

The winners for each category will be published in December 2022.
