

## Euromoney Cash Management Non-Financial Institutions 2020 results released

Euromoney magazine has released the results of its annual cash management survey for 2020, the most authoritative and comprehensive ranking of cash management providers globally.

Among the key findings:

1. HSBC retains the top spot in the global market leader ranking, again beating Citi and Deutsche Bank, which were ranked number two and three respectively
2. Despite an unprecedented year, the top banks in the ranking were remarkably unchanged, with just one bank, Standard Chartered, falling out of the top 10 over the year.
3. DBS retains first place in the global best service provider ranking overall, having swept the board for financial facilities, personnel, service, and tech provision
4. Bank of China, which was unranked last year, is ranked number two for overall service globally while Mashreqbank enters the overall service top 10 at number seven.
